

VISION

Back Door Reporting

VISION HIGHLIGHTS

- The most cost-effective video technology of the future
- Enhanced image usability and integration
- Unified mobility and "Access Anywhere" technology via the cloud
- Flexible and scalable options
- 60 days of storage for HDTV-quality video

Stop Thefts & Reduce Food Costs

According to the National Restaurant Association, 75% of inventory shortages and 4% of total restaurant sales are lost due to employee theft.

Wachter's Solution

Wachter helps you isolate incidents and enforce policies with real-time, actionable surveillance reports that provide video footage before the door opens and after it closes, plus monthly reports to monitor trends over time.

Value & ROI

Real-Time Reporting:

System captures openings/closings of doors, based on a predefined schedule, and provides real-time insight via video clips capturing pre/post event, via email notifications.

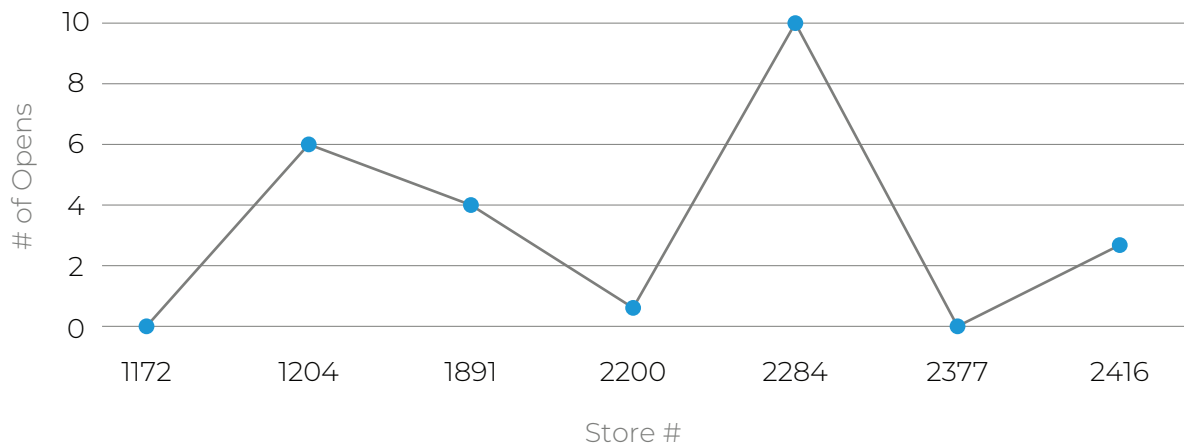

Exception Reporting:

Monthly exception reports are provided to the designated U.S. Security Team Members for evaluation and trend analysis.

Warrantied by Wachter:

Wachter's 24x7 Network Operations Center provides round-the-clock system support.

Monthly Event Report

Immersive and Detailed Visual Experience
